Why This Matters

Juneteenth becomes more than a date. Students explore how freedom, leadership, and responsibility show up today – in their schools, communities, and futures – and how they can take action now, not “someday.”

Dr. Ro VISIONARY

Dr. Ro, is the founder of DREAM Education, a boutique consulting firm committed to intentional leadership development and educational equity by creating spaces where individuals and organizations grow through strategy, learning, and purpose-driven action.

Why **Sponsor**

This summit equips teens with the skills, confidence, and agency to lead in a world that demands clarity, courage, and accountability. Sponsors are not just supporting an event; they are standing behind youth voice, leadership development, and equitable opportunity.

Audience Focus

Teens
Ages 13-18

Event Outcomes

The iThrive Empowered Minds Summit also provides a space for self-awareness, with sessions dedicated to social emotional wellness and mental health within a cultural context and goal-setting. Each participant will develop their a personal action plan through their learning about the history of Juneteenth.

Objectives

- Understand and connect the significance of Juneteenth to their own identity, voice, and responsibility as young leaders today.
- Build confidence in using their voice by identifying personal strengths and practicing self-expression, leadership, and courageous decision-making.
- Create a personal iThrive Action Plan that turns Juneteenth values into action by identifying one issue they care about and one concrete leadership step they will take within 30 days.
